WEDDING AND ENGAGEMENT
PRICE & SERVICE GUIDE

ABOUT ME :

Thanks for stopping by my site to learn more about me and my work as a wedding photographer
Here's what you need to know about me:

I'm a huge electronics nerd, a gadget collector and a sucker for weddings.

I fell into photography in 2007 when a co-worker asked me last minute to take photos of her wedding. At that point, my only photography experience was documenting crime scenes for my job as a forensic fire investigator.

After that first wedding... I was hooked! I got so caught up in the emotion and feelings my photos brought to the couple and their family that I knew this was something I wanted to pursue.

When I'm not shooting weddings and engagements, you can usually find me spending time with my fiance Angela, our friends, or Chip, my 8 year old chocolate labrador retriever.

I look forward to hearing from you and your fiance about your wedding plans soon

Rob

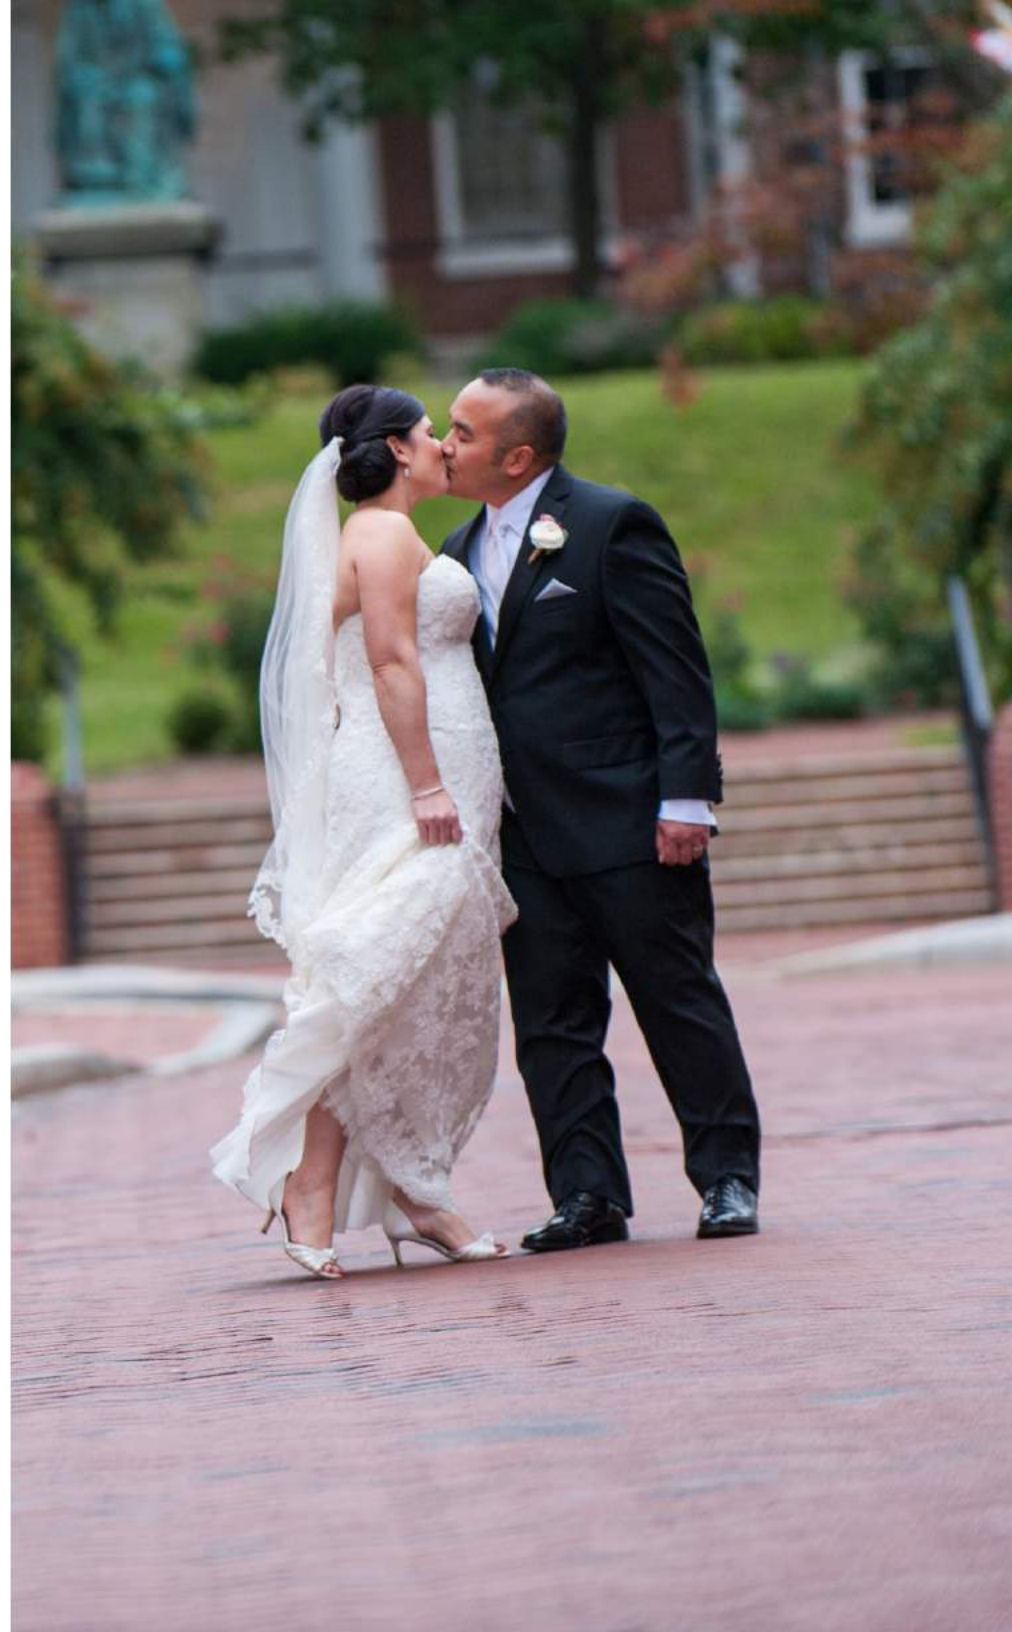

MY STYLE

I take a photojournalistic approach to documenting weddings
What that means is I look for those candid moments
those genuine times when you don't think the camera is watching
the real laughs and the real tears

A wedding by its nature is an emotional roller coaster
it is filled with many ups and downs
it is my goal to document your wedding in an unobtrusive manner
to capture the quiet, the happy, and the just plain down right crazy moments

The bottom line....
I love to make great photographs of people being themselves
and creating an environment that is relaxed and fun

I want to capture a complete story that will forever be a reminder
of your true feelings at this time in your life

BE MODERN

Want to make your own prints? Go for it! Want to upload your favorites to Facebook, Instagram and Pinterest? Tag away! Every one of our wedding couples gets high resolution images as part of their package. We wouldn't have it any other way. Why? Because we want you to have ALL of your photos (not just the photos you can afford!) And we want you to share your photos with family and friends around the world. So go ahead - blog and email and spread some photo love!

Digital File FAQs :

Q) Can we really make prints anywhere we want?

A) Absolutely! I'll even give you a list of our favorite labs, local and online!

Q) Can we still order prints from you?

A) Of course! We use an awesome professional lab that produces AMAZING prints. If you'd like to leave the printing up to us, just let us know!

Q) Are the digital photos I download going to be edited?

A) Yes! All the photos you receive will be color corrected and ready to print. What you see in your gallery is what will be what you download.

Q) So wait, there's no DVD?

A) You got it. No more worrying about losing a disc or worrying if it gets scratched. All of your wedding images are uploaded to a custom wedding gallery that allows for download straight to your computer, smart phone, tablet, etc. in high resolution. The files are stored online for ten years so even if you misplace it, the files will be there safe and sound.

AND VINTAGE, TOO!

Professional Prints and Canvas Gallery Wraps

We have two price lists for prints - one is for portraits (engagement and bridal sessions) and one is for weddings (photos taken on the wedding day). See below for FAQs!

PORTRAIT PRINT PRICES :

4x6 or 5x7 : \$25 (same price as 8x10)

8x10 : \$25 / 8x10 on Canvas : \$150

24x30 : \$125 / 24x30 on Canvas : \$855

24x36 : \$255 / 24x36 on Canvas : \$955

Ordering Prints FAQs :

Q) Why are portrait print prices more expensive?

A) The main reason portrait prices are higher than wedding print prices is because you pay much less up front for a portrait session, as opposed to a wedding. When it comes to wedding prints, we give a pretty big discount, since your initial investment is so much higher.

Q) How do we order prints?

A) You (and your family and friends) can order regular prints directly through your online gallery. For canvas prints, please email us for details!

BEAUTIFUL, HEIRLOOM QUALITY MODERN ALBUMS

Choose from one of two cover styles, eight colors and four album sizes to create a truly unique album that perfectly matches your wedding photos and personal style. We only offer modern, flush mount style albums. By only using flush mount albums, we are free to tell the story of your day with big photos, and creative designs.

How it works ...

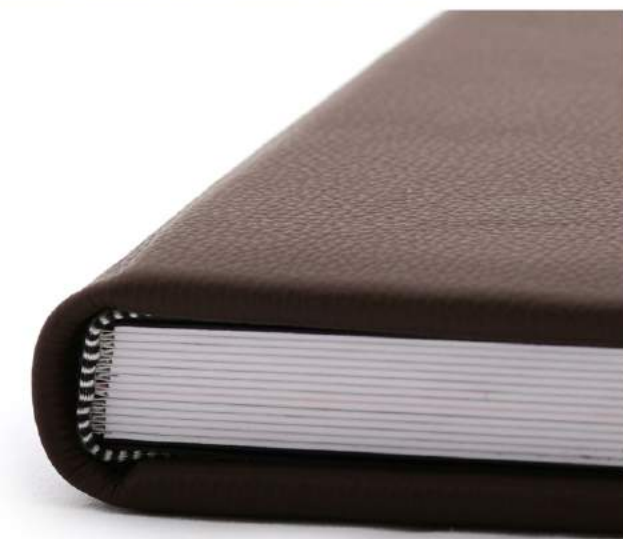

Step 1: Choose the cover style, size and color of your album.

Step 2: Send us a list of your favorite photos, up to 100.
We'll create a one-of-a-kind album that tells the story of your day

Step 3: We will send you an online proof of your album. You'll have two rounds of changes / photo swaps and will be required to sign off on the design before it goes to the printer.

Step 4: We receive your album at the studio and put it through our own rigorous quality assurance testing before we repackage it and send it off to you.

Step 5: Relive all of those memories from your wedding day over and over again. All albums come with a lifetime warranty against manufacturer defects so you can be sure to have them last!

PHOTO BOOTH FUN!

Find a friend, grab a silly hat, strike a pose and have a blast.

Our setup is a little different than most typical booths. It's an open framed, fully automatic photo booth that occupies a 6' x 6' space at the reception. What "automatic" means is there are no operators required to run it. When you're ready just push a button where a countdown timer starts and BOOM a digital masterpiece has been made. There is not a printer on site so there is no chance of losing those bloopers by accident. The heart of the booth is a high end digital SLR camera to capture all the action in high res. Take that shot of grandma in a sombrero and blow it up HUGE for your next big family get together! With high res images, you can create all kinds of stuff with your booth photos, including prints, albums and photo gifts.

Your wedding day only happens once, so LIVE IT UP! Your guests will love our booth, and so will YOU!

The Photo Booth is usually set up during dinner service or during the cocktail hour and is open throughout the time we're scheduled to be at your reception.

THE "FIRST LOOK" BRIDE & GROOM SESSION

Waaaaay back in the days of pre-arranged marriages - when marriage was a business deal between families - brides and grooms were never allowed to see (or even meet!) each other before the wedding. This was so the groom wouldn't have time to back out of the wedding if he happened to find the bride unattractive or unappealing. Over the years, the tradition of the "bride in hiding" changed into a superstition and seeing each other before the wedding was considered to be "bad luck." Nowadays, though, this "tradition" is being kicked to the curb by modern, photo-lovin' brides and grooms everywhere.

How it works ...

The bride and groom get ready separately, just like "normal." When both are dressed and ready, we take the groom to a place with great light and get ready to snap away! The bride is sent in and the groom turns to see her as she's walking up. At that moment, you will completely forget we're there, but we'll be capturing every smile, every tear, every laugh and every kiss. Chances are, the "first look" photos will end up being some of your favorites from the entire day! Bad luck? That's soooooo 19th century!

Why you should consider a "First Look"

We'll have more time for amazing, natural light portraits
If you wait until the ceremony to see each other, we'll have no choice but to do all your portraits after the wedding. This is no problem if you're doing an afternoon wedding, but if it'll be dark after your ceremony, our options for creative portraits are limited, to say the least. Having an extra hour before the ceremony for wedding party and bride and groom portraits when there is still plenty of sunlight makes for GREAT photos!

Get to your reception quicker & greet your guests sooner!
After the ceremony, most of your guests will head over to the reception. You'll be excited and ready to go see everyone and might even feel bad leaving everybody waiting while you take pictures. We've been to so many weddings now that we KNOW your coordinator will be pulling you towards the reception, your parents will be telling you to hurry up, your bridesmaids and groomsmen will be ready to get to the party! Getting all the photos done before the ceremony, when there's no rush and nobody waiting for you is 150% less stressful! We promise!

FREQUENTLY ASKED QUESTIONS

Package Questions :

Q) We don't need an engagement session, do we have to do one?

A) It's highly encouraged. The engagement session is a trial run of sorts for your big day. Engagement photos are a great way to get comfortable in front of the camera.

Q) Can I make prints with the files that are included in the basic package?

A) Absolutely! All the photos delivered will be high resolution, edited and ready to print. You can make prints anywhere you'd like and we'll give you a list of places we recommend.

Q) Can I drop a few hours from my package to save some cash?

A) You can drop hours, but it won't save you anything, UNLESS you're getting married on a non-weekend day. Saturday and Sunday's are prime dates so we very rarely accept bookings less than eight hours. If you're planning on getting married on an "off-day" and are only looking for a few hours, email us for a custom quote, specific to your wedding needs.

Q) Do we have to add albums now or can we order them later?

A) You can definitely order your album later! Most of our clients wait until their online gallery goes up so they can see how many photos they want to include. Our album prices are guaranteed not to go up for one year after your contracted wedding date.

Wedding Questions :

Q) Do you mind if our family members take photos at the wedding and reception?

A) Of course not! Tell Aunt Susie to snap away all she wants! We will never tell your family to put their cameras away and their flashes won't bother us in the least.

Q) We have a break in between our ceremony and our reception. Can we break up our hours?

A) Our basic package includes 8 consecutive hours of coverage, which means even if there is a break, we'll only be on the clock for 8 hours. If you need additional hours, you can add them on to your package for \$250 per hour.

Q) What if our reception runs later than we expected? Can you stay 'til the very end to capture our grand exit?

A) Of course we can! If we stay more than 30 minutes late, though, you will be billed for overtime and no proofs will be posted until the overtime has been paid in full. Our hourly rate for overtime is the same as our pre-paid rate for extra hours (\$250 per hour.)

Booking & Payment Questions :

Q) We definitely want to book you! What's the next step?

A) Awesome! I'm excited to work with you! To officially book me, you'll have to sign an online contract and pay a non-refundable retainer fee of 25% of your package cost. As soon as those two things are in, you're BOOKED!

Q) When is our remaining balance due?

A) Your remaining balance is due 14 days before your wedding date. A reminder will be sent out via email to help keep you on track. If your final payment is late, a late fee will be charged, so mark it on your calendar!

Q) How can I pay you?

A) Credit card, check, cash, or money order.

Q) Who do I make checks out to and where do I send them?

A) Rob Korb Photography LLC - Post Office Box 22
Ocean City, Maryland 21843-0022.
